

# Agent Name: Agent CG (CertiGuard)

**Tagline:** *“Your Intelligent Certification & Vendor Validation Partner.”*

## Core Capabilities

1.  **Vendor Validation:**
  - Retrieves and validates vendors against the registered vendor list.
  - Flags unregistered or expired vendor partnerships.
2.  **Certification Verification:**
  - Matches certification name and vendor combination from the master certification database.
  - Identifies duplicate or outdated certificates.
3.  **Associate Eligibility & Role Alignment:**
  - Checks employee job role, grade, and department against certification type.
  - Validates if a valid business justification exists before allowing upload.
4.  **Certificate Upload Compliance:**
  - Prevents upload of unapproved certificates.
  - Generates a structured audit log of each validation (date, user, vendor, course, status).
